**Ref:-** Instructions issued by the Hon'ble Minister for MA & UD, IT and I&C dept during the TC convened on 27.07.2023, at 12.30 PM with AC LBs, MCs and other Municipal Officials.

\*\*\*\*\*

The attention of all the MCs is invited to the sub & ref., cited., Keeping in view of the incessant rainfall, the Hon'ble Minister, MA & UD, IT and I&C has convened TC on 27.07.2023 and issued instructions to take up precautionary measures to prevent Seasonal Diseases, Vector Borne Diseases and Mosquito menace. Important instructions are as follows:-

- a. Take up Mosquito control measures so as to contain Dengue, Chikungunya and Malaria etc, and other vector borne diseases.
  - b. Taking up Sanitary measures and maintaining hygienic conditions.
  - c. Public Representatives and all key functionaries in the ULBs along with the CBOs, NGO's and corporators should take up key activities specially in Prathi Aadhivaram Padhigantalaku Padhinimishalu (PPP) and Dry Day Friday (DFD).
  - d. Obtain technical and Logistics support from DM&HOs.
  - e. Organize health camps, special sanitation drives, convergence meetings.
2. In view of the above, the following action points are hereby issued for strict compliance to prevent the vector & water borne diseases and other seasonal diseases:

**2.1. General Instructions:**

- a. After rain water recedes in inundated areas, the accumulated sludge, debris and waste may be immediately removed and sanitation activities like spraying of bleaching powder, fogging may be taken up and wherever work force is not sufficient necessary workforce may be engaged on temporary basis.
- b. Preparation of Action Plan for the areas allotted
- c. Taking up of Anti-mosquito, Anti Larval measures to prevent Dengue& other vector borne diseases
- d. Effective Sanitation measures to be taken up to ensure hygienic conditions
- e. MCs should ensure that a visible impact is created in the ULB
- f. Taking up PPP on every Sunday & DFD on every Friday for next 10 weeks after rainfall resides

- g. Involving Public Representatives, Key officials, CBOs and others to make it people driven programme.

## **2.2. Measures to prevent Mosquito menace thereby preventing Dengue, Chikungunya and Malaria etc.,:-**

Anti Larval Measures as mentioned below may be taken up once in week to break its life cycle and such other activities duly taking views from District Malaria officer:

- a. All Wards in the ULB should take up Anti larval measures to prevent the breeding of mosquitoes.
- b. Desilting of all drains during the week to be taken up so as to ensure the free flow of drain water and rainwater.
- c. Ensuring the filling up of low-lying areas to prevent rain water / waste water from stagnating.
- d. Ensure that rain water drains away from the ULB by clearing all drains/ channels for free flow of the water through storm water drains.
- e. After heavy rains, the Public Representatives and the MCs, Ward Member, ward officer should visit the wards and check for any stagnant water pools and take measures to drain away the accumulated water and prevent such Stagnation in the future.
- f. The measure to prevent stagnant water should cover not only the habitation, but all public institutions like schools, hospitals, market yards etc.
- g. Removal/clearing of water cesspools and dropping Anti-Larval Oil Balls once in every Friday- Dry Day, duly updating cesspools list ward wise on every Thursday duly conducting survey with ward persons appointed for this activity.
- h. Conducting Anti larval operations with Temephous in stagnated water bodies
- i. Releasing Gambusia fish in ponds and water bodies.

## **2.3 .PPP Drive on Every Sunday as People Movement for 10 Weeks:**

- Takeup "Prathi Adivaram 10 Gantalaku, 10 nimishalu" (PPP) programe by all Citizens in the irrespective houses to break the cycle of mosquito.
- During the programme, all the Households shall take up the activities such as emptying of water containers like Air Cooler, cement tanks, metal drums, earthen jars, dumped waste vessels, Tree Leaves, other Material, Window Sunshades, rain water harvesting tanks and evaporation coolers (Hot and Dry areas), coconut shells, tyres and other dumped containers etc.

## **2.4 Observance of Dryday Friday(DDF) every week to break Mosquito life-cycle:**

- Takeup every activities on every Friday observing "Dry Day Friday (DDF)" from this week in all Community Places.
- Visiting all Community places like Govt offices, Ward Offices, Community halls, Schools, Hostels, Religious Places etc., and taking up Anti-larval measures clearing of stagnated waters.

2.5 Above two programmes DDF and PPP shall be taken up involving all public representatives (MLAs, Mayors/CPs, Corporators/Councillors), Officials, Ward

committee members of youth, senior citizen, women and eminent people, CBOs- SLFs, SHGs, and NGOs like Lions Club, Rotary Club etc., so as to make it People/Community driven.

**Control of Fly Menace:** Anti fly measures shall be undertaken by spraying nuvan (5to10ml in a bucket of water by spraying or sprinkling or wet mopping) where ever fly menace is existing and adequate sanitation measures have to be taken up to prevent breeding of flies specifically near the markets, slaughterhouses, Chicken Mutton Centres, Community Congregation places, public toilets, Bus Stands, and Cart Stands etc...

3. Therefore, all the MCs are instructed to take up the above activities without fail in consultation with AC LBs and also shall send a report on the activities taken up every Sunday, Friday on weekly basis to the undersigned in the proforma enclosed.
