D.O. 13/05/2023 SBM-IV

30th November, 2023

Dear Madam/Sir,

City Sanitation Action Plan (CSAP) for most of the states are approved under SBM-U 2.0 and implementation of various components are underway including those for newly sanctioned toilet blocks for Community Toilets/Public Toilets/Aspirational Public Toilets (CT/PT/APT). Requests have been received from states to allow use of SBM funds for upgradation/retrofitting/reconstruction of some of the old toilet blocks, located at prime locations, with high footfall in cities specially due to constraint of new piece of land in the area.

2. Under SBM-U 2.0 operational guidelines, the unit cost for construction of new normal CT/PTs is set at ₹1.5 lakhs per seat, for Aspirational CT/PT at ₹2.5 lakhs and that for Urinals at Rs. 0.32 lakhs per seat. Accordingly, it has been decided to adopt the following provisions for expeditious improvement of CT/PTs/Urinals:

- Construction of CT/PTs/Urinals at new sites with SBM-U 2.0 funding as above. State/ULB can converge additional resources as per requirement.
- Complete reconstruction of dilapidated/structurally weak toilet blocks by demolishing old structure (built pre-2014) at the same site.
- Dysfunctional toilets requiring upgradation, funds upto 50% of new construction cost can be used for the purpose.
- Construction of Aspirational CT/PTs at the new sites with SBM-U 2.0 fund as above. Aspirational toilets to be facilitated preferably at Tourist/Pilgrimage/high footfall areas/ Million plus cities/Capital cities/ Similar areas.
- All the CT/PTs to be women & child-friendly. Special care to be taken while designing the toilet towards differently-abled, senior citizen etc.
- Above activates to be undertaken within allocated funds for the State under mission for Sanitation. However, additional funds, if required, can be availed only for Heritage cities/High footfall areas.

At the end of drive, CT/PTs must look visibly better/ more functional and adhere to FACES parameters.

Warm regards,

Yours Sincerely,

(Roopa Mishra)

To: ACS/Principal Secretary of Urban Development: All States/UTs

Copy to: Mission Directors SBM-U of all States/UTs

Annexure

Funding Pattern: Criteria for new CT/PT/AT/Urinals & upgradation of existing CT/PT

Sl. no.	Criteria	*Funding (in lakhs per seat)
1	New normal CT/PTs toilet block construction	₹ 1.5
2	New normal urinal construction	₹ 0.32
3	New Aspirational CT/PT to be facilitated preferably at tourist/pilgrimage/high footfall areas/ million plus cities/capital cities/similar areas.	₹ 2.5
4	Complete reconstruction of dilapidated/structurally weak toilet blocks/urinals by demolishing old structure (built pre-2014) at the same site	Same as above
5	Dysfunctional toilets requiring upgradation/ existing CT/PTs Upgradation/ Retrofitting/Refurbishment to Aspirational toilets	Funds upto 50% of new construction cost
6	Additional funds, if required	Limited to heritage cities/high footfall areas.

* Above activates to be undertaken within allocated funds for the State under mission for Sanitation

Annexure-I: ULB-wise sanctioned Toilet seats**(Rs in Crs)**
