\*\*\*\*\*

The attention of all the MCs of ULBs are invited to the sub & ref., cited, wherein during the teleconference convened by the Hon'ble Minister for MA & UD, IT and I&C Dept certain instructions were issued on the precautionary measures to be taken up during this incessant rainfall. The important precautionary measures to be taken up are as follows:-

- a. Ensure that all the dilapidated buildings are removed, if not issue notices and see that they are removed immediately, people residing in such buildings may be evacuated on top priority by the Town Planning Wing in the ULBs duly making suitable rehabilitation arrangements in coordination with other wings.
- b. Ensure desiltation of Nalas is taken up regular during this rainy season.
- c. Any requisition of boats may be placed before the Commissioner(R&R) /NDRF/SDRF/Tourism Department through the District Collectors, concerned.
- d. Ensure that aged big trees which are about to fall may be identified and necessary measures need to be taken to prevent falling and cause of any damage to the human life.
- e. In view of forecast of Heavy rains in the coming four days, ensure control rooms shall be established duly in coordination with Police, Revenue and other Departments.
- f. Ensure that water level shall be 2 feet below the FTL. Be vigilant on in-flow and out-flow of water into these tanks and lakes in close coordination with Irrigation Field Officials.
- g. Any Old bridges and culverts shall be closed temporarily for traffic till they get repaired in coordination with the police and other respective department.
- h. MC to take all proactive steps with a primary objective of no loss of life during this rainy season.
- i. Transco Officials may be alerted wherever it is anticipated that electric poles are likely to fall.
- j. All the Municipal staff shall take necessary measures proactively as well as reactively to prevent any untoward incidents and loss of life.
- k. Relief and rehabilitation centres shall be identified @ minimum of 2 no's per ULB and additional centres in case of requirement and arrange necessary logistic arrangements i.e., food, drinking water, blankets and temporary toilet etc.,
- l. People residing in low lying areas shall be identified and prompt measures to be taken for rehabilitation.
- m. All PH Engineers shall work in close coordination with Municipal Authorities.

- n. Necessary measures shall be adopted for preventing water contamination and water borne disease.
- o. In case any water borne/vector borne /any infectious disease are reported necessary measures shall be taken in coordination with District Medical & Health Officers duly utilizing the services of Primary Health Centres and Basthi Dhawakhanas in ULBs.
- p. If there are any water pools/cess pools in private lands the residents shall be alerted and necessary steps be taken by the MC for closure of cess pools duly taking necessary steps for the recovery of expenditure incurred for their closure from the owners of the said private land,
- q. Ensure Anti Larval measures are taken up in all the ULBs.
- r. No leaves shall be sanctioned to the staff for the next 4 days during the Monsoon period.
- s. In case any further instructions are required the same may be intimated to the Control Room setup in DMA office(040-23120410).

3. Therefore, all the MCs are instructed to take up the above activities without fail, besides that any other activities shall be attended in consultation with District Collectors concerned.
